6th- Students will be learning about different states and where they are located. We will also be talking about landforms and bodies of water in the United States and Canada.

7th- We will be discussing countries in eastern Asia and where they are located. We will also talk about different landforms and climates in east Asia.

8th- We will be discussing the years following the Revolutionary War. We will talk about new government and the early struggles the newly independent country faced.

Homeroom

Reminder: On days that you have PE it is okay for you to come to school with your PE clothes already on.

A Jupiter message was sent out to the parents/guardians of all 7th grade students regarding what we plan on doing for the school auction. Please respond to that email ASAP so we know how many students will be able to participate in getting our project done and ready for the auction. Thank you!

Thinking ahead: PTG Auction classroom basket theme is "Sports".

The Getman Gazette

8th Grade Religion

Happy New Year!

I pray that we may all look forward in hope and faith as we await God's blessings in the coming year. This month we will discuss how we can approach the new year as a new beginning, an opportunity to hear God's voice as he prepares for us for the new blessings and life-lessons that lie ahead.

Over the new few weeks, we will write out scripture-based prayers and commitments that reflect the spiritual goals for our class. We pray that this exercise will give us a fresh start to the new year and a strong finish to the school year.

Ephesians 4:3 tells us to, "Make every effort to keep the unity of the Spirit through the bond of peace."

Our first prayer will focus on class and school unity. I will share their class prayers with you over the coming weeks.

May God bless and keep you,

Mrs. Getman

The Hansen Herald

7th & 6th Grade Religion

HAPPY AND BLESSED NEW YEAR!

Just the mention of the words "new year," and one generally starts to think of "resolutions." I want to take some class time this week and REALLY talk to the students about a good resolution. I want them to understand that resolutions shouldn't be ones that right out of the gate, set us up for failure or make us feel boxed in...rather a good resolution should allow for our soul to soar and grow. Furthermore, even though we may start out with what we believe to be a healthy and straightforward goal, given a little harder look, we may see that we could spiritually be dressing it up a bit. We will talk about taking our soul seriously and the influences (media, hatred, way we speak or others speak we hang around with, etc.) surrounding our centers. Tying into all of this will be "TOLERANCE," our community trait for the month of January, the peace filled classroom, and how we can BE and SHOW this trait just like Jesus,
