Note From Ms. Allen

Fourth grade brings lots of learning and growing! Students are beginning to feel frustrated when they don't know their multiplication facts quickly, so please keep practicing at home to help build confidence. We also encourage students to work steadily toward their AR goals and share their weekly trackers with you.

We are so excited for our Halloween Party on Friday! 🎃 Please remember that costumes must slip over regular clothes, and makeup and hair coloring are not permitted.

Thank you for all the love and support you give your fourth graders each day!

To know and live our faith. To lead and serve by example. To achieve success as lifelong learners.

This Week

We have an exciting week ahead! On Tuesday, the Bedford Public Library will visit our classroom to lead fun, hands-on experiments exploring energy. On Wednesday, students will take a math quiz covering multi-digit multiplication. On Friday morning, we will have our spelling and ELA tests. Please encourage your child to review multiplication skills, spelling words, and ELA concepts throughout the week. Thank you for your continued support as we learn and grow together!

Bring Religion Home

During Religion, students will explore Luke 9:1–6 and Ephesians 5:8–10, reflecting on Jesus' call to share the Good News and to live as children of light. Through these Scripture passages, students will consider how they can put their faith into action by showing kindness, making good choices, and sharing God's love with others. As they reflect on what it means to walk in the light of Christ, students will be encouraged to seek what is good, right, and true in their daily lives
