## Uniform Reminder

As a community, St. Vincent is trying to tighten up our uniform policy. Please take time to evaluate your student's attire to make sure that it is aligned with our policy. Violations will result in a yellow notice sent home and subsequent consequences involving non-uniform days. I am particularly concerned about the lengths of skirts in our class. If you notice that your daughter's skirt falls less than 3 inches above the knee, it may be time to retire the apparel.

## Note From Ms. Allen

We have another great week of learning ahead! We also will be leading our first Mass of the year! Several of your students have come home with readings or responsibilities for this event. Please practice with your student in preparation.

As we build independence and responsibility, please check in with your child and their take-home folder each night. This is a great way to stay up to date on homework, notes, and important classroom information.

Thank you for your continued support and partnership!

Ms. Allen

To know and live our faith. To lead and serve by example. To achieve success as lifelong learners.

## ➤➤ Science Spotlight

Our students are working as system engineers learning how parts of a system function. We will apply what we learn to solve the mystery of the blackouts in Ergstown.

## ➤➤ Bring Religion Home

As a family, read aloud the story of God's creation in Genesis 1:1-2:3.

- What are some of the things scripture says God created?
- What words in the scripture tell you that God cares for His creation?
- Why is it important that God rests on the seventh day?
