May 5th- May 9th

## What We Are Learning This Week

This week we will be reviewing skills and completing final assessments.

Students will also be working on a memory book and finishing up their version of *The Three Little Pigs*.

- Nolan and Madelyn made their AR goals last week! Great work!
- NWEA Testing was rescheduled for this Wednesday morning. Please try to have your child here on time, fed and ready to show what they know!
- Students may wear shorts on all days except Mass days (typically Friday).
- All students have been assigned a job for our Graduation Mass. Students who will be reading brought home a paper to practice their reading. This does not need to come back to school.
- Graduation RSVP cards are due Friday. This helps me plan for refreshments and seating.
- Students should wear their "Sunday best" for our graduation. No jeans, no heels, and dresses should have sleeves. Girls should wear shorts under their dress. Hair should be fixed so we can place a graduation cap on them easily.
- Summer packets will be sent home next week with students who previously requested one.
