7th Grade Nutrition

Nurse West

The 7th grade started Nutrition on November 10th. We meet on Monday mornings from 9-9:50am. The goal for this class is to introduce them to the 5 food groups and to discuss healthy eating habits. There will be times that I ask the students to bring in different items to class and we will be cooking/making a dish and eating.

In class I encourage them to eat everything in moderation and to try new foods when they have the opportunity. If you have any questions please feel free to reach out.

On 12/8/2025, next Monday, I have asked each student to bring 2 cups of prepared fruit to make a fruit salad.
