Questions? You may contact me at [thatcherh@sysbedford.org](mailto:thatcherh@sysbedford.org) or by phone at 812-279-2540

### 6th Grade Healthy Balance

Mrs. McFarland

Pilates - learn/practice techniques to relax and handle stress.

### 8th Grade College & Career Preparation

Mrs. Banks

*Last week:* We completed an assessment that told us how we like to work (with people, with our hands, using data, etc.) In career theory, these preferences are our Interests. Each student received an interest profile along with a selection of careers that line up with their interests.

*This week:* It's skills week! We will complete a self-identified skills inventory and figure out how we can convert our school, extracurricular, sports, church, volunteer, etc. experiences into marketable skills.

*Homework:* Please turn in any outstanding assignments at the beginning of class.

### 7th Grade Nutrition

Nurse West

*Last week:* We started by cooking omelettes but ended up with loaded scrambled eggs because of time constraints. I saw lots of good food choices, adding veggies and cheese. I was very proud of all of the students, everyone did a great job following directions and maintained a clean and safe cooking space.

*This week:* We will finish our discussion of the different food groups and start to break them down even further.

*Homework:* Make sure to bring your folder, a pen or pencil and your sheets from last week that you filled out when you weren't cooking.
