The Pangburn Progress

To all Parents,

Hello. I look forward to continuing to work together to give our students the best education possible. I want us to work together as a team, so you can contact me anytime through Jupiter, or at my email pangburnr@svsbedford.org I hope that people who need help will reach out.

8th grade is doing great, their tests were wonderful. They are now covering the ideas of past and present in English Language Arts. They are working hard on their "Ten Days in a Mad House" essays. I look forward to reading all of their arguments.

7th grade is achieving all they set out to do. They are doing excellent in both Social Studies and English. They are exploring Middle Asia. In English they are going to cover their next Unit over Poetry.

6th grade has been absolutely wonderful. They are an exciting and energetic group of learners, who master difficult ideas with ease. In English Language Arts, the students are going to begin writing poetry. I was very impressed with all of their work last week.. In Social Studies they are going to cover the economic and cultural achievements of Canada.
